

gg::GgQuaternion::loadMatrix

```
graph LR; A[gg::GgQuaternion::loadMatrix] --> B[gg::GgQuaternion::GgQuaternion]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text 'gg::GgQuaternion::loadMatrix'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'gg::GgQuaternion::GgQuaternion'.
